

VIEW OF RICHMOND, VIRGINIA, JULY 16, 1853

The following description of Richmond was printed in the CITY OF RICHMOND.—The city of Richmond is situated on the north side of James River, in the immediate vicinity of the falls and directly opposite Manchester. It is the capital of Henrico County and of the State of Virginia. It is distant about 150 miles from the mouth of the river, by the course of the channel, and some sixty miles above what is called City Point. In 1742-Richmond was founded by an act of the Legislature; in 1780 the seat of government was changed from Williamsburg to this place; in 1787 it contained but about 300 houses. Richmond is said to be exceedingly healthful. The surface of the soil in and around Richmond is undulating, and from many points some of them are of unusual width. Shockoe Creek severs the city into two unequal portions and empties itself into James River a few miles below. The favorite place of residence is Shockoe Hill, near whose brow lies Capitol Square. This Square contains about nine acres. It has in front a portico, with an entablature, supported by beautiful ionic columns, and presenting altogether an imposing aspect. The model after which this building was constructed was brought by Mr. Jefferson from France. There is in the open central hall a marble statue of Washington. It was placed there in 1788, while Washington was yet living. The inscription upon the pedestal was written by Mr. Madison. There is in the same room, in a niche in the wall, a bust of Lafayette. The City Hall, which stands near the western part of the city, is a very large and well constructed edifice. There are also a county and a city jail, an armory, almshouse, an orphan asylum and various other buildings and institutions, as creditable to the good taste, benevolence and intelligence of the citizens as they are well adapted to the ends for which they were designed.

LILLIPUTIAN MARRIAGE

Small Children Will Give Realistic Entertainment at Masonic Temple.
A lilliputian marriage will be given Tuesday night at Masonic Temple, Cowardin Avenue and Hull Street, under the auspices of the Young People's Society of the Central Methodist Church. The performance will begin promptly at 8:15 o'clock. The children who will take active parts have been drilled thoroughly for several weeks, and are now letter perfect.

The entire cast of characters is made up of small children. The parts of bride and groom will be taken by Margaret Knight and Joseph Nunnally, Jr., both about six years of age. Each has been fitted out with a costume which will be correct in the smallest detail. The maid of honor will be Elsie Snow, while Roy Graves will be the best man. The bride's attendants will be Eliza Fitzgerald, Carrie Schopp, Marion Snow, Emily Lacy, Mary Woodall, Emma Pettigrew, Florence Brooks and Florence Daffron. The groomsmen will be Edward Pettigrew, Edward Burton, Willie Ridd, Kemp Mosby, Frank Daniels, Emmett Graves, Goven Hill, and Willie Reams. Marian Dean and Arthur Burton will act as ushers.

The marriage will be performed by Master Raymond Cheatham, who will act the part of minister. The ring ceremony will be used. Blanche Bates will be ring bearer, and Mildred Cheatham will represent the Goddess of Love. The flower and ribbon girls will be Violet Gill, Vera Norman, Gretchen Schaudt, Dorothy Ridd, Annie Gill, Miller, Taylor, Virginia Rodford and Margaret Owens.

The bride's parents will be Kathleen Owens and Arthur Owens, and the groom's parents, Gladys Prossie and James E. Ridd, Jr.

The committee in charge of the entertainment consists of: Misses Lucy Owens, A. Robinson, Ridd and Betty Owens. Mrs. Alma Baldwin, assisted by Mrs. Walter Dietrich, will serve ice cream. Miss Annie Duval will serve candy.

The invited guests at the wedding will be Mary Wilkinson, Janet Jewett, Pauline Daffron, Florence Rodford, Irene Beckwith, Mary Williams and Margaret Luck.

MERGE COUNTY SCHOOLS
Three small ones may be consolidated and a central building erected.

Three Chesterfield schools, the Mann, Martin and Moore schools, will probably be consolidated in the near future. The majority of the taxpayers of the district are said to be in favor of the merger, and the plan has the endorsement of Superintendent William G. Owens.

There has been considerable talk for the past few months about the consolidation of the Mann and Palling Creek schools. It is feared that the distance would be too great to make this plan feasible. Should the other schools be merged, a suitable site could be secured at a point where five county roads meet and all children would be in reasonable distance from the school. It is the plan of Superintendent Owens to have the district school house for the erection of the proposed building. While the three separate schools are now small affairs, a central school with six or eight rooms could be put into the graded class, and many benefits would be given the children.

Saw Cuts Off Fingers.
An accidental collision with a saw at the Miller & Miller plant yesterday morning cost Wallace Knight, fifteen years old, of 119 East Third Street, two fingers and a thumb. The boy was working at a machine when his hand came into contact with the saw. He was given medical attention by Dr. H. Taylor Hawkins of the City Ambulance.

In Police Court.
Charles Vaughan, fifteen years old, was fined \$2.50 and costs yesterday morning by Justice H. A. Morrison in Police Court, Part II. The boy was charged with being a member of a gang who took revenge on young J. W. Core, who was paying attention to a Southside girl.

James Stairs was arrested yesterday afternoon on a charge of being drunk and unable to care for himself.

Climate Failed Medicine Effective

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed.

Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered this disease again and again. Often these benefits have been effected where the surroundings were not ideal—yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need. A remarkable case follows:

"Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1902, I was taken with Typhoid Pneumonia. My lungs became very much affected; my spirit was exhausted and Tuberculosis Bacilli were found. On February 21, 1903, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 1 and arrived in Canon City June 15. After being there two weeks my physician informed me that I was hopeless. Three weeks later I returned home, weighing ten pounds, the doctor having given me no assurance of reaching there alive."

"On July 14, 1905, I began taking Eckman's Alternative. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, eat well, sleep well and never feel better."

(Signed affidavit) ARTHUR WEBB.
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup and Lung Troubles, and in rebuilding the system. It does not contain poisons, opiates or habit-forming drugs. For sale by Owens & Minor Drug Co. and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.—Advertisement.

BUSINESS MEN PLAN SMOKER.

Officials of N. & W. Will Be Invited to Attend.
[Special to The Times-Dispatch.]
Farmville, Va., February 1.—The executive committee of the Farmville Business Men's Association held a meeting on January 27 and decided to hold a smoker on February 18, at which time officials of the Norfolk and Western Railway and out-of-town guests will be present. The question of advertising the town was discussed, and it was decided to issue 10,000 attractive folders setting forth the advantages of the town and country. At the time for the smoker the election of officers will be held for the ensuing year.

Among other buildings to be erected in Farmville during the present year is a new Baptist Church, which will occupy the site of the present edifice. Work will be commenced on this new house of worship about March 1, and it is to cost approximately \$25,000. The site of the church is on Main Street, admirably located for transients in town who are stopping at the several hotels, as well as convenient to the people generally.

For All Creation

Noah, the Ark, and the Animals are attractive to children—interesting to grown-ups. The Ark, in Noah's time, was "For All Creation," and served its purpose. Suppose Noah had procrastinated about building the ark? What would have become of his family? Noah received due warning about the flood and got busy.

Be prepared for the ordinary aches and pains by having always on hand a bottle of Noah's Liniment—the pain remedy. Don't delay until needed.

To-day—and for years—the combination, Noah, the Ark and the Animals, as above reproduced, is used as a Trade-Mark to protect you in purchasing and using a standard, staple Pain Remedy—NOAH'S LINIMENT—made in Richmond "For All Creation," and sold by all dealers in medicine everywhere.

The illustration is an exact copy of the Trade-Mark, registered in the U. S. Patent Office, and used on every outside box and label of the genuine NOAH'S LINIMENT. Every mail brings letters from people in all walks of life who have been benefited by using Noah's Liniment. Mrs. Phoebe McDaniel, of Lovettsville, Loudoun County, Va., writes under date of January 27th: "Please send me a \$1.00 bottle of Noah's Liniment, as we cannot do without it. Noah's Liniment is the best pain remedy we ever had in the house. We use it for rheumatism and pain in the stomach, and most everything else. I have been using Noah's Liniment for five years." Mr. and Mrs. McDaniel have lived in Lovettsville a long time, and are well and favorably known all through that section.

NOAH'S LINIMENT is a Pain Remedy—pure and simple—not a cure-all. NOAH'S LINIMENT is for internal uses as well as for external application.

NOAH'S LINIMENT is one of the best remedies for Sore Throat, Coughs, Colds, Colic and Cramps. A few drops on a little sugar will usually relieve these troubles. For toothache there is nothing better—a little on cotton in the cavity, and applied externally at same time.
